END COMES TO GEO. S. BAKER

PIONEER BANKER DIES AT ST. FRANCIS HOSPITAL.

RESIDENT SINCE 1851

Established First Bank In Maryville In 1868—Funeral Saturday Morning At St. Mary's Church.

George S. Baker, pioneer banker of Nodaway County and one of Maryville's earliest residents, died at St. Francis Hospital about 5 o'clock this morning. Death was caused by complication of diseases, principally due to old age. Mr. Baker was 89 years old, June 19 last. Mr. Baker was taken to St. Francis hospital last Sunday.

Funeral services will be held at 9 o'clock Saturday morning at the St. Mary's Catholic Church. Mr. Baker recently took the church vows under the Rev. Father Anselm, his life long friend, at the St. Francis hospital.

The body will lie in state at the George B. Baker residence tomorrow afternoon from 2 to 4 o'clock. The family requests flowers to be omitted. Burial will take place at the Oak Hill cemetery in the Baker family burial plot.

Mr. Baker was born in Madison County, Kentucky, June 19, 1836 and when but a small boy came with his parents to Buchanan County, Missouri, where they lived for about six years before moving to Nodaway County and settling on a farm near Pickering. This was in March, 1851, and with the exception of fifteen months in Kansas City, Mr. Baker had lived continuously in Maryville for seventy-four years.

Twenty families were here at that time and one store. A blacksmith shop was on the corner where the Michau building now stands and a saloon with a drug store on the site of the First National Bank building. There was a tavern on the lots where the Phares Lumber Company is now located.

Mr. Baker harvested a crop of corn in 1854 off of the block which is now on the west side of the square.

Mr. Baker's first job in Maryville was working in a general store for which he received $5 a month and his "keep"—good pay in those pioneering days in Nodaway County. He worked in this store until the Civil War broke out when he enlisted in the Confederate army under General Price for a period of eight months and became quartermaster of the regiment, with the rank of Captain. He was discharged in 1862, after which he returned to Maryville and went to work in the Jenkins, Torrance & Co., store in which he purchased an interest.

Starts First Bank.

In January, 1865, the store burned down and Mr. Baker went to Kansas City where he kept a grocery store for fifteen months, returning to Maryville in March, 1867. He then engaged in the livestock business with Ned Stinson until December, 1868, when he and Mr. Stinson together with several others, organized a bank known as George S. Baker & Co., and had temporary headquarters in the building where the Corwin-Murrin clothing store is now. An eighteen-inch board was used for a counter. In a short time the bank moved to its new location where the Nodaway Valley Bank is now. In those early days in the banking business, money was lent at 12 per cent. Ten per cent was paid on time deposits.

Mr. Baker was connected with this institution for four years and eight months. Later he built a three-story brick building on the site of the present Farmers Trust Co. He organized a banking firm known as Baker, Saunders & Co., and upon the death of Mr. Saunders, the firm name changed to the Maryville National Bank, now known as the Farmers Trust Co.

Mr. Baker sold his interest in this bank in 1885 after which he went on a farm three miles east of Maryville for three years.

But the lure of the business world was too strong and Mr. Baker returned to Maryville in 1895 and founded the present Real Estate Bank of which he became president. His son, George B. Baker, was named cashier. In 1904, Mr. Baker sold an interest in the Real Estate Bank to E. J. Williams and then retired.

In spite of his advanced years, Mr. Baker continued to take an interest in the Real Estate Bank and was a

AGREES TO FURNISH PRISON LABOR FOR JOB.

LABOR UNIONS PROTEST

Secretary Of State Prison Board Says Work Was Contracted For $1,500—Agreement Made Sept. 10.

Jefferson City, Sept. 17.—Dr. Cortez Enloe, storm center of the state board of health scandal, chairman of the state prison board and personal and political friend of Governor Baker, now is in bad with the Central Trades and Labor Union of the capitol city.

Labor unions started an investigation today when it was disclosed the prison board has contracted with Lee Jordan, wealthy lumber man, to furnish convict labor for grading a new sub-division for Jordan in the western part of the city.

The labor union representatives have appointed a committee to confer with the prison board and protest against employment of convicts on the ground it is unfair competition.

William Kruse, secretary of the prison board, today said twelve convicts were being employed in the grading work in the Jordan sub-division. He said the board contracted to furnish the labor and rock for $1,400, the agreement being made September 10.

Former Resident Is Here For a Visit

C. A. Blair Learned Printer's Trade From B. A. Dunn and B. E. Condon—Returns From Trip.

Mr. and Mrs. C. A. Blair of Carthage Mo., were in Maryville this morning on their way home from a motor trip to Minnesota and Canada. Mr. Blair is a former resident of Maryville, having left here about forty-five years ago. He was a boyhood chum of James B. Robinson and James F. Colby of this city.

Mr. Blair learned the printer's trade in Maryville under B. A. Dunn and B. E. Condon when they published the old Maryville Republican. The Republican at that time was located in an upstairs room of the Democrat-Forum and Tribune building. After leaving Maryville, he was connected with the Burlington railroad for nine years and then located in Carthage.

His father, John Blair, died a few years ago at Carthage at the age of 94 years. He was a resident of Maryville many years ago, having had a sewing machine shop here.

Motion to Dissolve Road Injunction Filed

Judge Westhues to Hear Arguments Tuesday—Prominent Attorneys Join as Counsel.

Jefferson City, Sept. 17.—A motion to dissolve the injunction suit which has halted construction work on the Kansas City-St. Louis highway in Callaway and Boone counties was filed today in the Cole County Circuit court by L. Newton Wylder, counsel for the state highway commission.

Judge Henry Westhues has announced he will hear arguments on the motion next Tuesday.

Robert W. Otto, attorney-general, Senator James A. Reed and Henry Davis joined Wylder as attorneys in filing the motion to dissolve the suit.

Mrs. P. H. Stewart went to Hopkins today to spend a few days.

CHURCH VALUE IS STRESSED

SPEAKERS TELL OF RELIGIOUS POWER IN WORLD.

HAS EARLY INFLUENCE

First Of Services Of Dedicatory Week Held At M. E. Church Last Night—Next One Tomorrow.

The value of the church to the home, the school, the community and to the civilization of the past and present was emphasized at the initial services of dedicatory week at the First M. E. Church last night.

The program was the first of a series of five. The next will be held at 7:30 o'clock tomorrow night and three services Sunday will complete the formal dedicatory week at the local church.

All of those present last night were shown through the church, recently remodeled at an approximate cost of $50,000. Punch was served in the basement and a short program was held in the auditorium.

The Rev. R. A. Mitchell told of the influence of the church on the home and declared that "it is the right of every child to be born in a Christian home."

"No home is complete without the influence of the church," the Reverend Mr. Mitchell said. "It is a rare thing that we find undesirable conditions in a Christian home. The home without the church is the incomplete home. The highest ideals of society are inculcated in the home."

The Reverend Mr. Mitchell said that what the children in the homes are today so the nation will be tomorrow.

Church Vital Factor.

"If education is to fit one for right living, then the church is the factor in this process," said Uel W. Lamkin, president of the Northwest Missouri State Teachers College, in discussing the relationship between the church and education.

"A child not only has the right to be born in a Christian home but he also has the right to be educated where the influence of the church can be felt," Mr. Lamkin continued.

Men of all professions, he said, who wonder in their work must recognize the never-ending presence of God. He called attention to the influence of the churches of Maryville on the lives of the students here. Like a well-groomed man, a church in its "Sunday best" appeals more to the masses and can exert a greater influence in the community, Mr. Lamkin pointed out.

Calling attention to the fact that the church takes the child earlier than any organization outside the home, L. L. St. Clair, principal of the Maryville High School, told of the advantages of the church to the community. The churches of the nation exert a tremendous influence on communities by the example of morality they hold high before the public, Mr. St. Clair said, and added that the church has an economic value in that the number of religious organizations is always stressed by anyone advertising the community in which they live.

Civilization Follows Church.

Dr. Fred Keller said that civilization has always followed the work of the church and that religion has been the motive for many ideals of the past. Society of the past, Dr. Keller said, has always had behind it a higher power than mankind.

"It was the influence of the Bible that caused Abraham Lincoln to drive slavery from the country, it was the influence of the Bible that caused William McKinley to free Cuba, and it was the influence of the Bible that caused a group of women to meet in a church and start a movement for prohibition," Dr. Keller said. Christianity has lifted and liberated women from a state of slavery to their recognition as citizens, the speaker continued.

Break All Records Eating Saur Kraut

Springfield, Minn., Sept. 17.—With several precincts to be heard from, consumption of sauer-kraut at Springfield's annual cabbage festival was estimated today at 17 tons.

Thousands of visitors attended the fete in honor of the city's chosen vegetable. All previous records for sauerkraut eating were shattered and the community is practically krautless.

Three Electrocuted; Fourth Badly Burned

Elevator Guy Wire Dragged Across High Tension Street Light—School Children In Near Panic.

Detroit, Mich., Sept. 17.—Three men were electrocuted and a fourth badly burned today when workmen on the new St. Thomas Catholic church and school dragged an elevator guy wire across a high tension street light where the accident occurred shortly before noon when the streets were filled with school children. The sudden electrical flash and cries of the men when they fell to the ground resulted in a near panic. Several children became hysterical.

ACCEPT PLANS FOR STREETS

CUT OFF ROAD TO RUN FROM FOURTH TO COLLEGE GROUNDS

FACILITATES TRAFFIC

Intend to Get Work Started This Year—To Put in Parkways Beautified With Shrubs and Trees.

Plans for the improvement and beautification of the junction of Fourth and Dunn streets and Normal avenue were accepted by the city council last night at a special meeting. The improvements, which the council hopes to get started this year, are to consist of putting in one-way streets from Fourth street to the College grounds and to Normal avenue, establishing parkways suitably beautified, which will eliminate the confusion in traffic that now exists from Fourth and Dunn streets on to Normal avenue and the road running northwest through the College grounds.

The next action the council will take will be to pass an ordinance setting aside certain portions of land and streets at this point for parkways. It is the plan of the council to have trees and shrubs planted along the parkways, one of which is intended to act as a sort of a screen on the side of the street adjacent to the Wabash freight depot and grounds.

The plans adopted by the council specify that a diagonal street shall be established starting at the southeast corner of lot 5, or 125 feet east of the east line of Dunn street on West Fourth street, and run in a northwesterly direction up to the College grounds for a distance of 276 feet. This land has been deeded to the city by the Wabash in exchange for other property and the tracks taken up here. At the end of this street the College has bought property and moved off houses, with the intentions of co-operating with the city in extending this street up through the campus. The end of this extension from Fourth street is sixty-seven feet north of the north line of Normal avenue. Along the north side of the diagonal strip the city proposes to set aside as a parkway eighteen feet wide to be planted with shrubs and trees. On the south side of the parkway will be a fourteen foot one-way paved drive leading to the College grounds.

A long, oblong shaped piece of ground is designated for a parkway, 144 feet long and eighteen feet wide, curbed on all sides that will extend along the south side of the fourteen foot paved drive and which will divide traffic to the College and up on Normal avenue. The city is intending to put in street lights at each end of the oblong parkway. Along the south side of the oblong parkway will be another paved roadway, fourteen feet wide extending from the present paving on Dunn and Fourth streets in a northwesterly direction to Normal avenue. On the south of this road will be a triangular shaped parkway, seventy feet long and forty-five feet wide, to be curbed and made attractive by landscape gardening, in the center of which will be some kind of a fountain. This parkway will turn traffic off Dunn east on Fourth street and west on the diagonal roadways to Normal avenue.

The city has set aside a strip of land twenty-four feet wide at the east end of the diagonal road to be the entrance for the Wabash property off of Fourth street.

The council passed favorably on the final adoption of an ordinance for reinforced concrete paving on Walnut street between Thompson and Halsey streets. The council adjourned to meet again tomorrow night.

ONLY WAY TO AIR MATTERS

BAKER TRIES TO RESTORE HARMONY HEALTH BOARD AFFAIR.

DR. NORTH IS SILENT

Governor Demands Resignation of Entire Personnel of Board—Comes As Thunderbolt.

St. Louis, Sept. 17.—In a statement in which he declared it was his belief that the governor was acting only to restore harmony in the Missouri state board of health, Dr. James Stewart, St. Louis member of the board, today announced that he would immediately comply with Governor Baker's request for his resignation.

Dr. Emmett P. North, president of the board, maintained his silence regarding the governor's request. However, it was predicted that he would refuse to resign.

"Any statement on the matter will have to come from the governor's office," Dr. North said. "I have not yet received formal notification of his action and until I do, I can say nothing.

Dr. Stewart's statement expressed belief that the governor's wholesale request for resignations was "undoubtedly the best way to handle the situation and I desire to aid the governor in any effort to promote harmony in the board."

"I am convinced," the statement continues, "that Governor Baker is acting only to establish harmony and to restore the confidence of the public in the board's integrity."

St. Louis, Sept. 17.—Nothing but silence today came from the office of Dr. Emmett North and Dr. James Stewart, local members of the state board of health, regarding the action of Governor Baker in demanding the resignation of all members of the board.

North, president of the board, declared that any statement would have to come from the governor's office. He refused to say who the members of the board were whose resignations already were in Baker's hands or whether or not his resignation would be forthcoming as requested.

Dr. Stewart refused to see newspaper men at all and at his office it was said that he had "nothing to say for the public."

Kansas City, Sept. 17.—Governor Baker's thunderbolt thrown into the state board of health will not in any way affect the grand jury proceedings in the alleged aftermath of the medical diploma mill cases.

This was the statement this afternoon by Alpha Brown, assistant county prosecutor, who said the grand jury would take up the cases next week.

"The grand jury investigation was not begun with the idea of obtaining any officers' resignations," Brown said.

Jefferson City, Sept. 17.—Capital circles were dazed today by the drastic action taken by Governor Baker over night in asking for the resignation of all members of the state board of health.

The move is viewed as the governor's attempt to bring about an end to the Enloe state board of health fight which has bounced back at the administration repeatedly for the last three months. Dr. Cortez Enloe, personal friend of the governor, is one of the members asked to resign.

In the letter to the seven members of the board, the governor indicated that a blanket resignation was the only means by which harmony could be restored to the body.

His demand for resignations has resulted in one being tendered. The name of the member who has complied with the governor's request could not be obtained at the executive offices.

It is believed, however, that Dr. H. S. Gove of Linn handed the governor his resignation during a conference here today. He came to Jefferson City over night for a conference with Baker.

Jefferson City, Sept. 17.—Governor Baker late yesterday demanded the resignations of all members of the state board of health.

The members affected by the governor's request are:

Dr. Emmett P. North, president, St. Louis.

Dr. James Stewart, secretary, St. Louis.

Drake Slayers Must Hang for Killing

Joseph Holmes and James Wilson Are Given Death Sentences For Murder of Frank Rodkey, Clerk.

Chicago, Sept. 17.—Joseph Holmes and James Wilson, two of the five bandits who five months ago participated in a hold up of the fashionable Drake Hotel here, must hang for the killing of Frank B. Rodkey, cashier of the hotel. A jury in criminal court so decided shortly after 4 o'clock this morning after nine and a half hours of deliberation during most of which the jury was deadlocked by two jurors who held out for life imprisonment.

In the hold-up of the Drake, which took place July 29, Rodkey was shot to death by Holmes when he smiled at the bandit's boast that he was a bad man and killer.

Both men received the death verdict calmly.

CHARLES MacVEAGH FAVORED AS OFFICIAL TO JAPAN.

NAME SENT TO TOKIO

Henry Wilson Of Indiana Had Been Favorite—Pacific Coast Leaders Wanted Western Man.

Washington, Sept. 17.—President Coolidge has tentatively selected Charles MacVeagh, well-known New York attorney, as the new ambassador to Japan and has submitted his name to Tokio for approval, it was reported here this afternoon in reliable quarters.

MacVeagh is a member of the law firm of Stetson, Jennings and Russell and is a relative of Frank MacVeagh, who was Secretary of Treasury during the Taft Administration.

Washington, Sept. 17.—President Coolidge has selected an ambassador to Japan and his name has gone to Tokio for approval, it was learned officially today. No intimation was forthcoming from the White House as to the identity of the new ambassador selected.

Henry Wilson of Indiana, ambassador to Mexico during the Wilson administration, has been a prominent candidate for the post but his claims have been contested by Pacific coast interests who want a coast man named.

Chinese Problem on Road to Settlement

Other Nations Expected to Accept America's Suggestion For Conference in Peking December 18.

Washington, Sept. 17.—The row between the great powers over the question of China appeared today to be on the road to settlement with a partial victory for the American point of view. The state department suggested to the powers that a conference to revise China's trade relations with the rest of the world be held in Peking on December 18 next is expected to be accepted by all concerned.

FULL POWER FOR INQUIRY

PRESIDENT ORDERS COMPLETE INVESTIGATION.

WILL GO TO BOTTOM

Future Governmental Policy To Be Determined—Dwight Morrow Expected To Head Commission.

Washington, Sept. 17.—A national "grand jury" assembled at the White House this morning to conduct an exhaustive investigation into prevailing conditions in the national air defense.

Summoned by President Coolidge because of charges of Col. William Mitchell that there has been "almost treasonable administration of the country's air service," members of the jury met with the chief executive and from him personally received instructions "to go to the bottom" of the ugly situation created by Mitchell's charges.

A free hand and no restrictions were promised the investigators. The President's principal request was that the jury return him some kind of a report by the last of November, ten weeks hence. That will enable him to report to Congress the following week the progress made in "getting at the truth about the air service."

The future governmental policy toward military and naval aviation as well as toward the development of commercial aviation may be said to hinge to some extent upon the findings of the jury in its investigation and examination of witnesses during the next two months.

It was expected when the members of the President's commission gathered this morning that Dwight Morrow of Englewood, N. J., banker, lawyer and former army officer, would be elected to the chairmanship of the commission. Morrow was a class mate of the President at College and has been one of his trusted unofficial advisors.

Fall From Diving Tower Causes Death

Thomas Dumm, Son of A. T. Dumm, Jefferson City, Loses Life at Columbia Today.

Columbia, Sept. 17.—A fall from the diving tower at a swimming pool caused the death here today of Thomas Dumm, 23, University of Missouri law student. Dumm lost his footing and fell fifteen feet to the concrete wall of the pool.

He was the son of A. T. Dumm, Jefferson City, a member of the State Democratic committee, a former president of the state bar association and a member of the Constitutional convention.

Dumm was the member of a swimming party made up of members of Phi Delta Theta fraternity. Dumm died in a hospital thirty minutes after the accident.

No Special Favors to Be Given France

United States Will Offer No Better Terms Than Were Granted Other Debtor Nations, It Is Declared.

Washington, Sept. 17.—Joseph Caillaux, the French finance minister, now on his way to the United States to negotiate settlement of the four-billion-dollar French war debt, apparently is due for a distinct shock if he expects more liberal terms than were granted the other warring powers.

On the heels of Senator Borah's warning yesterday that any material departure from the terms of the British agreement in the case of France will find hard sledding in the Senate, treasury officials hesitated today to disclaim any intention on the part of the debt funding commission to grant France any special considerations that were not accorded the other debtor nations.

The treasury department made public some data concerning the economic conditions in France which showed that the average Frenchman is paying considerable less taxes than the average Britisher or the average American.

Dr. Cortez F. Enloe, Jefferson City.
Dr. James McVey, Kansas City.
Dr. Herman Gove, Linn.
Dr. H. L. Kerr, Crane.
Dr. T. L. Wilcoxen, Bowling Green.

The governor assigned as his reason for his move his belief that harmony among the members is an impossibility due to the recent board of health controversy, headed by Dr. North and Dr. Stewart, in which they attempted to gain Dr. Enloe's resignation on account of alleged irregularity in the licensing of medical college graduates.

Holds Two Resignations.

Governor Baker already holds the resignations of two members of the board, he said. These he declined to name, but it is believed here that one at least is that of his friend and political mentor, Dr. Enloe.

Dr. Wilcoxen is a holdover member, and his resignation is not necessary before his successor can be appointed.

The governor's letter to the board members follows:

To the members of the state board of health of Missouri:

Dear Sirs: As you know there are seven members of the state board of health of Missouri. The term of one of the members expired in 1922 and no appointment has been made in his place. In addition to this vacancy now existing I have had for some time the resignations of two other members of the board, one of whom tendered his resignation before the present board of health controversy.

It has been my desire at all times to settle all matters pertaining to the work of the state board of health in such a way as to preserve harmony among all interested in the great medical profession and health work. It seems to me, however, that there is no longer any hope of the present board of health working in harmony. Therefore, I am respectfully asking for the resignation of all members of the present board whose resignations are not now in my possession.

I shall take steps for the reorganization of the board within twenty-four hours after the resignations of all members are in my hands.

Respectfully yours,
SAM A. BAKER,
Governor.

Declines to Comment

The governor declined to comment upon his action at this time or to indicate the men he intended to appoint to replace the present board.

Dr. James Stewart, secretary of the board, and director of health work, was not in the city.

The governor's act follows a scandal in the board, resulting in a grand jury probe of the activities of Dr. Enloe, the storm center. Members of the board had demanded that Enloe go, but the governor refused. Apparently, the governor got tired of the whole mess and not desiring to settle it by kicking Enloe out decided to request the resignation of the whole board.

Branch Conductor Gets a "Bouquet"

(Hopkins Journal)

The boys are telling a good one on a Hopkins branch passenger conductor, Elmer Champ by name. It seems the train was detained here last Thursday a little longer than it should have been by reason of picnic visitors alighting, and when he was finally ready to go, he waived his handkerchief rather peevishly to the engineer.

An elderly lady aboard the train noticed the frantic actions of the man with the gold braid and brass buttons and when the conductor came through, asked what waiving his handkerchief meant, and as the railroad man was still somewhat nettled, he replied, "to get the hell out of here."

Later he decided he may have been rather discourteous and made an effort to apologize.

The elderly lady said, "Oh, that's all right," and then she waived her handkerchief at him!

"I have used a Perfection Stove for 13 years and have never found any fault with it whatsoever." writes Mrs. Lawrence Schumaker, Chesterland, Ohio.

Does *Your* husband expect this too?

The average husband wants his wife to keep her prettiness and charm. And, at the same time, he wants her to look out for his comfort and cook three meals every day. No small order, but it can be filled if wives put their housekeeping on a scientific basis.

The logical place to begin labor saving is in the kitchen—at the stove. Perfection Stoves are designed for women's convenience. They burn kerosene, the safe, household fuel, so there is no laborious hauling of coal and ashes.

Their roomy cooking surface is at the most convenient height, 32 inches from the floor, just like a kitchen table.

Every drop of oil is completely burned before the heat reaches the utensils, so there is no soot to blacken kettle bottoms. You are spared strenuous scouring.

These are just a few of Perfection's convenience features. Any dealer will demonstrate many more. Get a Perfection. It can help you live up to your husband's expectations.

P. E. O.'s Open Season.

Last Friday afternoon the P. E. O.'s held their open meeting for the season in the form of a one o'clock luncheon with Mrs. Eva Mutti, president of the chapter. This occasion was also the twenty-ninth anniversary of Chapter K. The hostess was assisted in serving by Mrs. Hattie Litsch, Mrs. Jennie Dalby and Miss Ruth Hopple, and a program was enjoyed consisting of reminiscenses of the organization of Chapter D., by Mrs. Donlin; a tribute to the founders of the P. E. O., by Mrs. Florence Monroe; a clipping from the Hopkins Journal telling of the 6th Annual State Convention held at Hopkins in October, 1899, was read by Miss Ruth Hopple and several piano numbers given by Miss Frances Beinert. At this time all joined hands and sang, "Blest Be the Tie." A short business session was held and roll call was responded to by giving the date of initiation. Despite the rainy day all members were present with the exception of three. Adjourned to meet with Miss Ruth Hopple in two weeks.—Hopkins Journal.

Social Hour Club.

Mrs. George Porterfield was hostess to the Social Hour Club yesterday afternoon at her home north of Pickering. Mrs. Robert Gumm, vice-president, called the meeting to order. During the business meeting it was decided to entertain several of the neighboring clubs at the home of Mrs. James Hanna on Tuesday, September 22. All guests are requested to come in house dresses. In a pumpkin seed contest the first prize was won by Mrs. J. F. Hanna and the second went to Mrs. Leslie Hanna. Assisted by Mrs. Roy McMullen, the hostess served refreshments. The next meeting will be held at the home of Mrs. W. A. Spangler, September 30, when roll call will be answered by "household troubles." Mrs. Freda Stephens of Quitman was a guest, and these members were present: Mrs. Robert Gumm, Mrs. J. F. Hanna, Mrs. Leslie Hanna, Mrs. Edgar Houston, Mrs. C. A. Loch, Mrs. Roy McMullen, Mrs. W. P. Scott, Mrs. W. A. Spangler, Mrs. R. T. Spurgeon, Mrs. Omer Strong, Miss Helen Strong, Mrs. Golda Hill and son, Charles, and the hostess.

Star Class Meeting.

The Star Class of the M. E. Church South, met yesterday at the home of Mrs. R. A. Mitchell on West Second street. The following officers were elected: President, Ruth Hammond; vice-president, Olatha Suetterlin, treasurer, Lola Belle Suetterlin; secretary, Maude Masters; reporter, Opal Holt; and sergeant-at-arms, Mildred Sandison. The class voted to send to Nashville, Tenn., for a charter in order to have the class registered. The class will entertain the Go Getum class at a picnic, north of Maryville, next Tuesday, it was decided. The members present were Lola Belle Suetterlin, Ruth Hammond, Lillian Ellis, Olatha Suetterlin, Eliza Donaldson, Eudora McDonald, Maude Masters, Mildred Sandison and Opal Holt. The guests were Neola Smith and Carmelita Beattie. Refreshments were served by the hostess at the close of the meeting.

Business and Finance Program:

Twelve members attended the opening meeting of the business and finance department of the Twentieth Century Club yesterday afternoon in the rest rooms at the courthouse. Mrs. W. F. Chaves, chairman of the department, presided at the meeting. O. M. Watkins, local agent of the New York Life Insurance Company, gave an interesting talk on Life Insurance. The speaker gave a history of life insurance from its beginning to the present time and told of the added benefits from year to year. Mrs. Ed G. Orear conducted the parliamentary drill on how to use the "Seven Things" of a motion. The department decided to adopt the late Mrs. Logan's block system of teaching parliamentary law. Life insurance for women will be discussed at the October meeting.

Mowry W. W. W. Club.

A business meeting of the Mowry W. W. W. Club was held yesterday afternoon at the home of Mrs. Walter Runnels. In the absence of the president, Mrs. Will Berkey called the meeting to order. Roll call was answered by hints on school lunches. The rest of the afternoon was spent in rehearsing a play. Those present were Mrs. Charles Hinton and son, Lewis, Mrs. Robert Rice, Mrs. Will Berkey, Mrs. Dennis McGinness, Mrs. Shan McGuire, Mrs. Nancy Neal, Mrs. Albert Simmons, Mrs. Stewart Robinson, Mrs. Irvin Loch and son, Irvin Eugene, Mrs. Champ Rice and son, Donnis Clair, Mrs. Denver McGinness, Mrs. Will Hewitt, Mrs. Frank Hinton and daughters, Mary Louise and Doris, Mrs. Parl Runnels, and the hostess and son, Robert. Refreshments were served by the hostess, assisted by Mrs. Parl Runnels. Mrs. Albert Simmons will entertain the club September 30. Nut recipes will form the roll call responses.

Drivers Milk Wagons Have the Stranglehold

Milk Man and Not Capitalistic Employer Is "Baron of Butterfat" in Chicago.

Chicago, Sept. 17.—The milk man and not his capitalistic employer has become the real "baron of butterfat" in Chicago, according to charges made public today by the Chicago Employers' Association.

The Wagon Drivers' Union has such a stronglehold on the city's milk supply that you don't dare reprimand your milkman, even for leaving sour cream, lest you find yourself having to live on the canned article, the employers charged.

The whole story may be laid before a stranglehold on the city's milk sup union heads be indicted for intimidation, according to G. L. Hostetter, executive secretary of the Employers Association.

In his public charge Hostetter cited the case of the Hayt Public school, where he said the Parent-Teachers Association was unable to buy milk in large quantities from any city dairy because of a complaint turned in by the drivers.

"If you take milk in any quantities and don't like your milk men, just try to change—just try it, that's all," said Hostetter.

"Most of the distributors have been forced into the combine almost at the point of a gun. If a dealer refused to join, his wagon drivers are called out on a strike and sluggers and gunmen drive up to the place to see that no wagon moves.

"A non-union driver attempting to deliver milk in Chicago invites death, and we mean just that."

Officials at the union headquarters declared they would be glad to have the situation aired, that their organization was for mutual benefit and that Hostetter's charges were false.

Facts about Child-Birth

FOR the expectant mother's comfort and well being, there is nothing that equals Mother's Friend. Its highly refined oils and other ingredients quickly commends it to the thoughtful mother. It is known that plain oils only penetrate the skin, whereas Mother's Friend *penetrates* deeper and soothes the broad muscles and ligaments; making them soft and pliable—thus aiding Nature to do her part without the unnecessary discomfort and pain. This is why Mother's Friend has proven such a blessing to expectant mothers for over three generations. Mother's Friend is the formula of an eminent physician. It is safe and free from harmful drugs.

"I will tell all my friends about Mother's Friend." Writes Mrs. Ben Sbraham, Princeton, Ill. "It is a wonderful help all through the period."

Needless to say the mothers who praise Mother's Friend the most, are those who did not use it with their first baby and through its use with the second, realized its almost unbelievable results.

Mother! Insist on Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradfield Regulator Co., Dept. 88, Atlanta, Ga., for *free* valuable booklet "Motherhood and the Coming Baby" (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—*everywhere*.

Most Powerful Car of Its Size and Weight

—a One-Profit Value

THERE are (as you probably know) only two manufacturers who actually build their cars complete—make all their own bodies, engines, clutches, springs, gear sets, differentials, steering gears, axles, gray iron castings and drop forgings.

One of these is Ford—in the low priced field. The other is Studebaker in the fine car field.

This one-profit principle of manufacture makes possible four great advantages.

1. It eliminates the extra profits and overhead that many other manufacturers have to pay and include in the purchase price to you. This keeps Studebaker prices low.

2. It enables us to build a better car because the vital parts are designed, engineered and manufactured complete by one organization. Being built as a unit—Studebaker cars function as a unit, with all of the advantages of unit over assembled construction.

3. It makes possible finer quality because Studebaker, being an independent manufacturer, with no subsidiary or allied companies to favor, is free to buy on the open market, demanding the finest materials at the lowest possible price. Studebaker purchasing agents are unrestricted in their search for quality and value. Studebaker designers and engineers are unhampered by outside interests.

4. And, finally, because of these one-profit savings, Studebaker is able to offer you a sturdier, more substantially built automobile. We pay a premium for the finest steel. We use hard wood in body construction. Plate glass in the windows. The finest grades of upholstery. Genuine full-size balloon tires. Unusually fine interior trim with no exposed tacks, and heavy hardware. Throughout the entire car—in hundreds of hidden places—you find the same high quality of materials and workmanship that you see out in the open.

The Standard Six Coach shown below is a splendid example of One-Profit value.

It offers greater power than any other car of its size and weight, based upon the rating of the National Automobile Chamber of Commerce. And luxurious riding comfort made possible by the big balloon tires, resilient springs, comfortable cushions and ample roominess.

But the only way to judge this car is see it—drive it! Feel the luxurious upholstery. Sit in the deep, soft, comfortable seats. Experience the surge of its tremendous power. And then compare it with other coaches.

The recent Studebaker price reduction and policy of "no yearly models" only serves to emphasize the logic of this reasoning.

If you seek a bargain in a quality car—by all means see this One-Profit Coach.

Studebaker Standard Six Coach, $1,340 Delivered in Maryville.

Pickering Services Continue in Interest

Sunday school services will be held at the Myrtle Tree Church at 10 o'clock Sunday morning. At the Pickering M. E. Church, Sunday school services will also be held at 10 o'clock.

The revival meetings held in the Methodist Church at Pickering under the leadership of Evangelist and Mrs. Herbert B. Ireland of Pasadena continue to grow in interest and attendance. Sunday morning and evening larger congregations were present. Sunday night Mr. Ireland spoke on Pickerings Greatest Sin, showing how neglect was the one great sin of man. Monday night was church fellowship night and the congregations of both local churches were largely represented. Tuesday night was Family Night in which the families were to sit together.

From night to night Mr. and Mrs. Ireland singing duets and the Melophone soles by Mrs. Ireland are attracting many to the services. The services will be held every night this week at 7:45. This will be the last week of the meetings as the evangelists have urgent calls to hold meetings in

End Comes to Geo. S. Baker

(Continued from page 1).

director in this institution up until the time of his death.

Settled Near Pickering.

Mr. Baker's parents settled near what is known as the Conklin bridge, about six miles north of Maryville on the 102 river. As a boy Mr. Baker attended the local schools in the wintertime and worked on the home farm. He began the struggle of life at the age of 15 and tried, in turn, farming, buying and selling live stock, and operating a country store.

On April 14, 1863, George S. Baker married Margaret Ellen Prather, daughter of Col. Isaac N. and Maria Prather. The Prathers came to Nodaway County in the early forties and entered three thousand acres of land in White Cloud township, Col. Prather being a large slave owner and farming on an extensive scale. He was one of the well-to-do men of the county in those days and was a great lover of good horses and he probably brought the first racing horses to Missouri.

Mrs. George S. Baker was born on August 11, 1843, on the old Prather plantation in White Cloud township, and her death occured in Maryville on September 4, 1878. To this union five children were born, three of whom died in infancy, another one, Mrs. Maud E. Tate dying a few years ago. One son survives, George B. Baker, president of the Real Estate Bank of this city. The grandchildren surviving are: Mrs. E. F. Caldwell of Burlington Junction; Magnus Tate of Kansas City; George B. Tate of St. Louis; Miss Jeannette Tate of Grant City; and Mrs. Julia Kreider of Chicago. George L. Wilfley, president of the Farmers Trust Co., and George B. Mulholland of Maryville are nephews of Mr. Baker.

Mr. Baker had a wonderful memory and hardly a day went by without his being called on to give dates and names of some of the early settlers here for abstracters and others.

He was postmaster of Maryville from December 31, 1857 to September 8, 1858.

Mr. Baker was one of a group of five old residents of Maryville who celebrated their birthdays together. W. E. Trueblood is the only surviving member of this group. The others were N. B. Lamar, Thomas Foster and N. Schumacher, who have all died within the last year.

RODEO GETS START TODAY

VANGUARD OF INDIANS ARRIVE LAST NIGHT.

TWO PROGRAMS A DAY

Thrills Aplenty Are Promised When Indian Riders And Cowboys Get Action.

A parade of White Cloud Indians from Rulo, Neb., cowboys and women, daring riders, in automobiles drove through the streets of the city this afternoon starting off the three-day rodeo at the fair grounds, the first and perhaps the biggest of its kind ever held in Northwest Missouri.

The programs will start each afternoon at 2:30 o'clock and in the evenings at 7:30 o'clock, which will consist of bulldogging, riding of wild horses and wild steers, trick and fancy horseback riding by cowboys and women, Indian war dances and pow-wows.

Chief White Cloud, who is over eighty years old, arrived here this afternoon from Nebraska, after notifying the sponsors of the rodeo, the Maryville Merchants' Ball club, that his son, Dan, is very ill with pneumonia and it was doubtful whether he would be able to put in his appearance. Chief White Cloud is expected to be the center of attraction here during the next two days when representatives of five different Indian tribes from three states will come here for a re-union with the Omaha Indians, who are encamped here at the fairgrounds.

Last night the first vanguard of Indians arrived here and paraded the streets in their costumes. The clink of spurs was heard on the concrete walks this morning when cowboys sought the restaurants and made arrangements for their horses while here.

Thrills a-plenty are promised during the three-days' rodeo which opened here today.

A five foot fence covering a greater portion of the fair-grounds provides the corral where the riding feats and bulldogging will take place.

Flower Show to Be Held at Armory

Exhibits To Be Open To Public Tomorrow From Noon To 9:30 p. m. —Under Auspices of D. A. R.

The first annual fall flower exhibit of the Maryville Chapter, Daughters of the American Revolution, will be held tomorrow at the Armory building on North Buchanan street. The exhibit will be open to the public from noon until 9:30 p. m.

The flower shows are looked forward to by every flower lover in the city and the chapter deserves credit for stimulating interest in flowers and in gardens.

All exhibits must be in place by 10:30 o'clock tomorrow morning. Where possible vases and containers are to be furnished by exhibitor, with name pasted on bottom. The committee, consisting of Mrs. Joseph Jackson, chairman, Miss Bertha Beal, Mrs. A. F. Harvey, Miss Orril Helwig, Mrs. Forrest Gillam, Mrs. D. J. Thomas, Miss Olive DeLuce, Mrs. W. J. Montgomery and Mrs. Dale Bellows, will be glad to assist in arrangement of flowers brought early if exhibitor desires.

A collection, which is one blossom of each variety that each exhibitor wishes to show, bus' be in one container. A display denotes a number of blossoms of either one variety, or several varieties, and must be in one container. There are seventy-four classes listed.

Hastings Brings New Automobile Bus Here

To Be Used On Maryville-St. Joseph Daily Service—New Schedule To Be Effective Monday.

A new sixteen-passenger automobile bus arrived in Maryville last night. It was purchased by C. R. Hastings at Piqua, Ohio, last week and on account of the condition of the roads was left at Chillicothe for several days.

The bus, which is of Studebaker make, weighs slightly more than six thousand pounds and is the latest model in automobile busses. It is finely finished throughout and is equipped with an excellent heating system. The new automobile bus is gray in color, trimmed in ivory. Its initial trip was made to St. Joseph this morning in order to ascertain a practical running schedule.

Mr. Hastings has not yet decided on his regular schedule but will probably announce it within the next day or two. It probably will become effective Monday. Three trips each way will be made daily between Maryville and St. Joseph, Mr. Hastings said.

British Back Move to Oust Communist

Shapursi Saklatauala Is Barred Entering Country to Attend International Union.

Washington, Sept. 17.—Secretary of State Kellogg's action in barring Shapursi Saklatauala, communist member of the British parliament, from entering the United States to attend the international parliamentary union was taken at the direct instance of the British government, it was learned on a reliable authority here this afternoon.

Unable to prevent Saklatauala's attendance and desirous of preventing his slashing attacks on the British empire before the world law-makers, the British home office officially communicated with the American embassy abroad and the matter was thus amicably arranged under the law that permits the state department to bar communists from the United States.

2 Fined for Violating Traffic Ordinances

John Young was fined $10.65 in police court this afternoon by Judge Warren L. Johnson on a charge of speeding. He was arrested by Leo Atherton.

George A. Barmann was fined the same amount yesterday afternoon on charge of turning an automobile on the streets other than at an intersection. He was arrested by Night Policeman John Hayes.

Pickering Farmer Is Suffering Broken Leg

Riley Carmichael, a farmer, living four miles west of Pickering, suffered a broken bone in his right ankle when he was thrown from a wagon and the wheels passed over his leg yesterday afternoon as he was driving out of the orchard. He is reported resting easy today.

He was hauling a load of barreled apples and when the end gate became disengaged the apples rolled out, causing the horses to become frightened and he was hurled to the ground.

Sustains Broken Arm.

Harold Busby, son of Mr. and Mrs. Edward Busby, sustained a broken right arm last night when kicked by a horse. A horse running loose in the pasture kicked at the horse he was riding and he threw up his arm to shield his face.

Tired After Eating ? Try This Simple Mixture

If you feel tired after eating, it is often a sign of gas and undigested matter in your stomach or bowels. Simple buckthorn bark, magnesium sulph, c. p., glycerine, etc., as mixed in Adlerika, helps any case gas on the stomach, unless due to deep-seated causes. The QUICK action will surprise you. Adlerika is wonderful for constipation—it often works in one hour and never gripes. Koch Pharmacy, Maryville. In Pickering, A. F. Lett, Druggist.—Adv.

If You Tire Easily—Beware of Chronic Fatigue

Thousands are victims of chronic fatigue—*and do not know it.*

If you tire easily, feel "all-in" at night, and wake up unrefreshed in the morning—if you are always weak, nervous, headachy, etc.—nine chances out of ten the real cause is chronic fatigue.

Ordinary fatigue—the kind you feel after hard work, etc.—is normal. That's nothing to worry about. But *chronic fatigue* comes from within. Your nerves, muscles, etc., have become debilitated and cannot function properly.

To conquer it you must get at its cause—*in the blood.* For it is when your blood is thin and pale, lacking in sufficient iron, that you become run-down, and are a victim of chronic fatigue.

What you need is to strengthen your system by getting more iron in your blood. Don't take the older mineral iron medicines which many doctors now say do little good. Take organic iron—Nuxated Iron—which is like the iron in your own blood. Unlike ordinary mineral iron it does not injure the teeth or upset the stomach, but is promptly assimilated. Take Nuxated Iron for just 2 weeks and you'll be astonished how it begins to revitalize you and gives you new strength and endurance. Money back if not improved. At all good druggists.

HARMONY

School Notes.

Through the kindness of Mr. Harbison our lawn and the weeds in the back part of the yard were clipped.

A new tennis net now gives us a double court for tennis. A neat rest room is now curtained off in one corner of the basement.

A handsome new case now fills up a vacant corner of the English room. The class in sewing will have first claim on it and the English classics will be on the upper shelves. This will allow room in the main bookcase for the laboratory material recently purchased for use in the General Science class.

Orchestra practice will begin Tuesday the 15th. Donald Goforth will give the entire time one day each week closing with an hour's orchestra practice. Mrs. Ford has prepared a schedule which will be strictly adhered to on each Tuesday. Practice will start at 7:30 a. m., and continue till 5 p. m. Several new instruments will be added to the enrollment.

The rainy weather of last week was the cause of several being absent Friday.

We play our first basketball game of the season with Conception Jct., next Friday on the home grounds. Later a return game will be played at that place. Other games will be played with Pickering and Parnell. The schedule calls for six games in all.

Personals.

M. S. Casteel and wife and Lloyd Casteel and wife were Sunday dinner guests at the home of R. V. McKee.

Alta Moore, who is a student at the College at Maryville spent Saturday and Sunday with her parents. She was accompanied home by a young lady friend.

R. V. McKees are enjoying the comfort of a new Copper Clad range.

Perry Sapp enrolled last week for a complete business course in Gavel's school at St. Joseph.

Halley Ford and wife were trading with Maryville merchants Monday evening.

The little son of Edgar Flanary and wife, who has been quite ill for some time is slightly improved at this writing, though still in a critical condition.

The rain of last week will insure good fall pasturage at least in this vicinity.

As further reports of the storm of Monday evening, September 7 come in it assumes the proportion of a young tornado. In R. V. McKee's pasture bordering on Long Branch ash trees two feet in diameter were torn out by the roots, and some a foot in thickness were twisted off at a height of twenty feet. In some places, hail did great damage, especially in the case of a melon patch belonging to John Edwards. Quite a number around here carried hail insurance.

Darl Porter and wife are visiting relatives in the west having made the trip overland.

Mrs. Vilas Porter attended a meeting of agricultural teachers in Maryville last Saturday evening.

HEDGE COLLEGE.

The A and B Agriculture class are securing data for to use in their fruit survey of the district.

Up to the present time only nine pupils have been enrolled in the school. However every grade is represented.

The school have had two watermelon feasts so far this term and we take this opportunity to thank Mr. and Mrs. John Finnell for the watermelons.

Lou Ella Maier, Pauline Griffey and Iola Griffey are attending High School in Clearmont and Robin Meek is attending High School in Burlington Junction. These are the Eighth grade graduates for the year '25 and we are glad to know they are seeking a higher education.

GET RID OF THAT BACKACHE!

Maryville People Point the Way.

The constant aching of a bad back, the weariness, the tired feeling; headaches, dizziness, nervousness, distressing urinary disorders—are often signs of failing kidneys and too serious to be neglected. Get rid of these troubles! Use Doan's Pills—a stimulant diuretic to the kidneys. Hosts of people recommend Doan's. This is a Maryville case. You can verify it.

John Colwell, retired farmer, 404 S. Walnut St., says: "I was bothered with a dull aching across my kidneys and when I stooped sharp catches took me through the small of my back. A steady hurting in my back made me feel tired most of the time. I also had dizzy spells when little spots floated before my eyes. Doan's Pills soon relieved me. I still use Doan's occasionally and they always help me."

Gained 10 Pounds in 22 Days

That's going some—but skinny men, women and children just can't help putting on good, healthy flesh when they take McCoy's Cod Liver Oil Compound Tablets.

As chock full of vitamines as the nasty, fishy-tasting cod liver oil itself, but these sugar-coated, tasteless tablets are as easy to take as candy, and won't upset the stomach.

One woman gained ten pounds in twenty-two days. Sixty tablets, sixty cents and money back if not satisfied. Ask Maryville Drug Co., or Gaugh & Evans or any druggist for McCoy's Cod Liver Oil Compound Tablets. Directions and formula on each box.

"Get McCoy's, the original and genuine Cod Liver Oil Tablet."—Adv.

Is your appetite gone?

REMEMBER, how it used to be when you could hardly wait for mealtime? And then, sit down and eat several helpings of everything—enjoy every morsel and get up from the table feeling satisfied with the World, happy with everybody and ready for anything?

But what a difference in living when even the sight and smell of food sickens you! Never hungry—no matter how tempting the food is—nothing tasting right. And then, after nibbling at a few bites, feeling worse than ever.

Oh, life is hardly worth living this way. And yet, all in the World the matter with you is that you are starving for rich, red blood. And it is acknowledged everywhere that S. S. S. helps Nature build these healthy red-blood-cells by the millions!

All you need to do to get back that wonderful appetite is to build rich, red-blood-cells with S. S. S. It's simple. Just try it, like thousands are doing every day. See for yourself what S. S. S. will do.

S. S. S.

S. S. S. means blood with a punch—brimful of new life and energy. Get your S. S. S. at any good druggist. The larger size is more economical.

WELL ONE DAY IN BED THREE

That Was the Life of Mrs. Hollister Until she Began Taking Lydia E. Pinkham's Vegetable Compound

Wyandotte, Michigan. — "After my baby was born I did not do my own work for six months and could hardly take care of my own baby. I always had a pain in my right side and it was so bad I was getting round shoulders. I would feel well one day and then feel so bad for three or four days that I would be in bed. One Sunday my mother came to see how I was, and she said a friend told her to tell me to try Lydia E. Pinkham's Vegetable Compound. So the next day I got a bottle and before it was half taken I got relief. After I was well again I went to the doctor and he asked me how I was getting along. I told him I was taking Lydia E. Pinkham's Vegetable Compound, and he said it did not hurt any one to take it. I am always recommending the Vegetable Compound to others and I always have a bottle of it on hand."—Mrs. HENRY HOLLISTER, R. F. D. No. 1, Box 7, Wyandotte, Mich.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all women. For sale by druggists everywhere.

For Men Only!

(Women please TURN this page)

Once in a while MAN, emulating the WORM, will TURN! Wimmen have swiped our hair cuts, razors, pants, votes and jobs and there's very, very little left for us, but THIS week we are going to TRY and make our list of sales items as nearly HE as possible. There's a COUPLE of items I'M SURE are strictly HE, but I'm not going to bring them in on this page cause I don't want to get the wimmen folks too turrible peeved.

Shaving Brush

Got some bargains in these, but if you are accustomed to use Barbasol or Molle, why naturally there's no need at all of you getting excited about brushes—Am I right?

Teeth!

Have some life size tooth brushes which are tuff, ruff and mean! No feminine set of teeth would stand up under the sort of treatment these brushes hand out, so men step up and do your stuff!

RUM!

Bay Rum is for OUTSIDE uses ONLY. AFTER shaving is when this should be indulged in and ONLY on the OUTSIDE of the face. Sorry about it, too.

Male Powder!

No, it's not GUN powder. It's a certain kind of TALCUM powder that removes the shine nicely and is so modest it disappears immediately AFTER.

Therapeutic Shaving

Don't let the title kid you even a little bit. All that means is that in case you cut your throat shaving with this cream, you will die from loss of blood instead of blood poisoning. That's all it means.

SAFETY FIRST!

Is a good slogan to use in shaving. Safety razors are used by most men, excluding those that can afford to have a barber shave them. We have Gems, Durham, Auto-strop, Keen Kutter, Gillette, and Ever-ready and for 50 cents up.

Closing Grain Review.

Chicago, Sept. 17.—Wheat closed showing moderate gains on the Board of Trade today. Declines were registered in other grains. Wheat moved erratically within a narrow range. Resumption of eastern buying and covering by local shorts was responsible for gains.

Corn's trend generally reflected profit sales. Most strength was displayed on the lower price side.

Oats displayed steadiness.

Provisions advanced on short covering by cash houses.

Koch Pharmacy Offer To All Who Suffer Stomach Agony, Gas and Indigestion

Money Back If One Bottle of Dare's Mentha-Pepsin Doesn't Do You More Good Than Anything You Ever Used.

You can be so distressed with gas and fullness and bloating that you think your heart is going to stop beating.

Your stomach may be so distended that your breathing is short and gaspy.

You think perhaps you are suffocating.

You are dizzy and pray for quick relief—what's to be done?

Just one dessertspoonful of Dare's Mentha-Pepsin and in ten minutes the gas disappears, the pressing on the heart ceases and you can breathe deep and naturally.

Oh! What blessed relief; but why not get rid of such attacks altogether? Why have chronic indigestion at all?

With this wonderful medicine you can banish indigestion or dyspepsia, catarrh of stomach or any abnormal condition that keeps the stomach in constant rebellion and one bottle will prove it.

And how happy you will be when your stomach is as good as new for then dizziness, nervousness, sleeplessness, headache, dull eyes and other ailments caused by a disordered stomach will disappear and you will be your old happy, contented self again. Koch Pharmacy and every regular pharmacist guarantees one bottle of Dare's Mentha-Pepsin to show the way to stomach comfort.

Over 6,000 bottles sold in one small New Jersey town last year—ask yourself why?—Adv.

TITLE GOLF TOURNEY ON

FIRST ROUND MUST BE PLAYED OFF BY MONDAY.

DRAWINGS ANNOUNCED

Thirty Players Divided Into Championship And President's Flights—18 hole Match Play.

The Maryville Country club this week-end will be the scene of the first round matches in the 18-hole match play tournament for city championship. Thirty-two have entered the tournament and are divided into two flights, the championship and president's flights.

Drawings were made this morning by the tournament committee and the pairings posted in the locker room of the Country Club. The committee is desirous to get the tournament started off in good shape and has announced that all of the first round matches must be played by Monday, September 21. The players are requested to see their opponents and set a date for their matches. The notice has been posted with the drawings that "if your opponent cannot arrange to play he will have to forfeit the match."

There are several names in the championship flight that are competing for the first time for the title trophy, some of whom turned in mighty good scores in the qualification round. The upper bracket of the championship flight contains the names of those who play consistent golf the year around and among the ranking players of the club. While the lower bracket does not contain so many satelites of golf fame at the local club it will mean the elimination of one of two players who for the last few years have gone into the semi-finals or finals of the city championship flight.

The drawings in the championship flight:

Byron Costello vs. Dr. H. S. Dowell.
Ed Dale vs. R. C. Seal.
M. S. Hamilton vs. F. C. Miller.
L. M. Eck vs. Frank Myers.

The foregoing pairings constitute the upper bracket.

The drawings in the lower bracket follow:

Paul Basford vs. C. G. Vogt.
H. L. Raines vs. Uel W. Lamkin.
O. M. Watkins vs. Martin Lewis, Jr.
Forrest Gillam vs. Ed Keck.

Drawings in the President's Flight.

Parings in upper bracket:

Dr. Jesse Miller vs. Eugene Yehle.
George L. Wilfley vs. W. A. Rickenbrode.
Bert Null vs. H. L. Haines.
Dr. D. J. Thomas vs. Dr. Earl Branger.

Pairings in lower bracket:

W. H. Allen vs. C. F. Remus.
J. W. Toel vs. H. D. Snyder.
M. Peery vs. F. P. Reuillard.
E. R. Miller vs. Dr. Vilas Martin.

The qualifying scores of others who played since Tuesday:

H. L. Haines, 56; F. C. Miller, 44; O. M. Watkins, 46; Uel W. Lamkin, 55.

Cage Season Will Start Tomorrow in Nodaway County

Twelve Teams in the County Outdoor Basketball League Will Clash for ; First Time This Season.

The basketball season in Nodaway County will be officially ushered in tomorrow by the playing of the first games on the schedule of the Nodaway County Outdoor Basketball League.

Twelve teams are scheduled to meet tomorrow on the dirt courts. According to the schedule the following games will be played starting at 4 o'clock tomorrow afternoon. They are:

Elmo at Quitman.
Burlington at Pickering.
Barnard at Guilford.
Graham at Skidmore.
Ravenwood at Parnell.
Conception Junction at Harmony.

All these High Schools will put both boys and girls teams on the courts except Conception at Harmony, who only have boys teams.

2 HIGH SCHOOL GRID COACHES

"RED" GRAHAM IS ASSISTING COACH HERBERT.

WORKS WITH LINEMEN

High School Squad Is Handicapped by Green Material This Year—New Uniforms Arrive.

"You linemen do just as Graham tells you, because he knows."

This short sentence has a world of meaning, explaining the confidence William H. Herbert, athletic director at the Maryville High School, has in Hugh ("Red") Graham, and also signifies that the Spoofhound institution's football coaching staff has been augmented by the addition of a former Bearcat and an all-state tackle.

A few days before the gridiron practice for the High School football squad started the writer asked Graham, who is manual training instructor, if he was going to help Coach Herbert in any way with the Spoofhound football squad this year. Graham replied in the negative, saying he was going to keep away from the gridiron this season.

But just about a week passed and the acting captain of the 1924 Northwest Teachers eleven could not resist the call of the pigskin and he was found this week out with the Spoofhound linemen, instructing them with the eight years of experience he has had during his football career. When asked if his appearance there last night meant that he would continue during the rest of the season, Graham said he supposed so because he had now started and couldn't stop.

With forty High School boys turning out for practice every night the addition of another coach means that the men will get more individual attention and give Coach Herbert more time to work with his backfield and end men. Herbert gave the Spoofhounds a few signals this week and last night had two combinations of center, ends and backfields in motion while Graham was giving instructions in blocking and defense and then the entire squad was brought together for some tackling practice. A tackling dummy has not yet been erected on the College Field and the boys have been getting some honest-to-goodness practice in this art of bringing down the ball lugger.

The High School coaches have a big barrier to hurdle this year when they put the wearers of the Green and Black on the field for the first game and that is green material. The biggest percentage of men trying for the Spoofhound eleven, even to upperclass men, have never played football before or just got into parts of a few games last year. However, the squad was given a boost when Bob Godsey checked out a uniform this week and has been put to work at his former position at end. Although Bob did not play in all the games last year he won a letter and he is adept at pulling down forward passes.

A new face on the Spoofhound squad is that of Alsup, who recently moved here from Oklahoma, who has had experience before coming to Maryville. The High School boys who have been practicing with him say he is wing man of no mean ability. It is not known whether Chuggy Smith will return to the squad again this year, but his presence is going to be needed. Chuggy came out for practice a couple of times but is now working after school hours.

The High School athletic department has purchased some new uniforms, similar to the ones used last year, but the new sweaters, a dark green, with black bands on the sleeves, will not be used until the first game on October 2.

Why We Invite Customers to be Shareholders

Why are we inviting our customers to become investors in this business?

This is now a familiar question to our employees who are asking our customers to become partners in this prospering business.

Because new money is needed and because we believe it is logical and right, we would like every customer to be a shareholder. It is to your advantage as a customer and to the advantage of your community, that customers, stockholders and employees should cease to be three separate groups, with distinct interests in public utility matters and with frequently different points of view.

Through employee and customer ownership there is a joint interest in the business which makes for a more dependable, more progressive service. The company, the community, customers, employees and everybody will benefit as the ownership of the public service company becomes more deeply rooted and more wide spread among the people.
